

BUCKEYE BULL TERRIER CLUB
COLUMBIANA COUNTY KC
JULY 31,2009
JUDGE: CLAUDIA SHARP

I would like to thank the Buckeye Bull Terrier Club for asking me to judge on their specialty weekend and all the Buckeye members for their gracious hospitality.

To all the exhibitors, I would like to complement you on the quality of the entry, it was outstanding and a pleasure to judge. In many cases there were dogs that left the ring who could have easily taken away top placements, unfortunately, there are only a few top prizes and in this depth of competition, it came down to the nitty gritty.

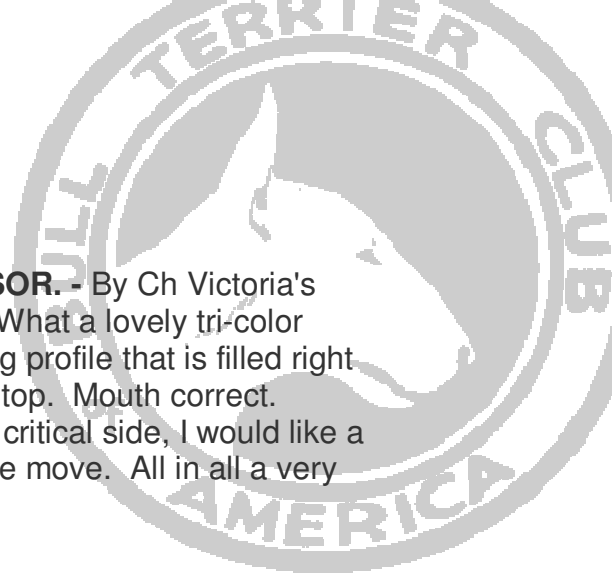

COLORED BULL TERRIERS - (8-13-4-5) Total = 30

WD

Frascone - **STARSTRUCK FIREBREAK.** - By Starstruck Oberon - Starstruck Colhartdbitch. Lack of white markings on the head makes this dog a challenge to judge. His head is much stronger than it appears from ringside. It has good length, and fill. The eyes are dark and well placed, as well as tidy ears that are carried right on top. His mouth is perfect with large teeth. His feet are tight and cat like. Structurally, I would like a better lay back of shoulder. He has a short back and a good rear, which makes his movement correct going away.

RWD

Drechsler & Nadeau - **MAINELY TOUCH OF CHROME.** By Ch Skylines Back In Black - Ch Corsaire Sparkling Chrome. Clean well made brindle and white. He has a long strong head, and a correctly placed eye. Good bone for size going down to tight cat feet. Good topline and short back. Correct tail set. Moved well both coming and going.

WB/BW

Wilson & Dussault - **LEGACY LUCKY ROSE OF WINSOR.** - By Ch Victoria's Grimaldi Windfall - Ch Winsors Hope Springs Eternal. What a lovely tri-color baby, who showed like a veteran. Lovely long sweeping profile that is filled right up. Good eye placement and tidy ears carried right on top. Mouth correct. Good bone for sized and beautiful cat like feet. On the critical side, I would like a better front assembly. Her topline was a little soft on the move. All in all a very nice package.

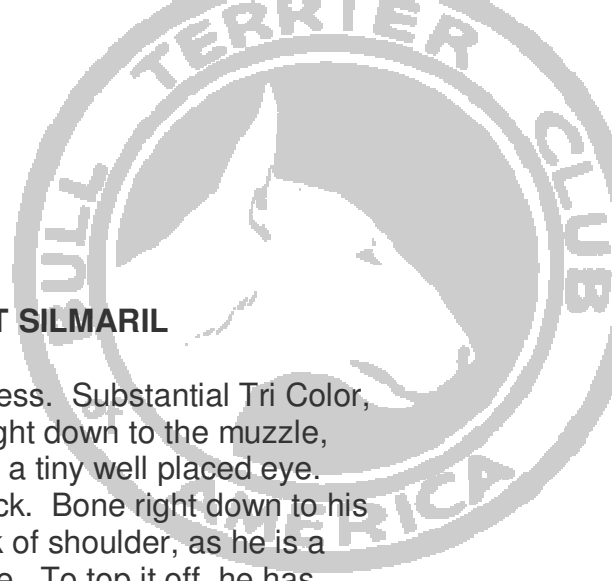

RWB

Speas & Jaye - **VICTORIA'S ELIZABETH REGINA.** - By Ch Stellar's Southern Cross - Ch Windfall Alexadrina Victoria. In two words BROOD BITCH. Her fawn color hurts her in the ring. She is a substantial bitch with a very strong filled head and a lovely long sweeping profile. Bone and substance to spare. Strong rear with a well bent stifle, that shows through on her good rear movement. On the critical side, I'd like to see a better topline and shorter back.

I need to say a few words on the Best of Variety competition. It was outstanding! What a line up! You couldn't pick a wrong one. It all boiled down to preference and conditioning. After all it is a beauty contest and what a beauty contest it was!

BOS

Cournoyer & Wright -**CH.GLENTOM I HAVE NO COMMINT.** -By Ch Old Forge Simply Bonzer - Ch Glentom Fancy Mint. Lovely brindle and white bitch that showed like a trooper. Strong head filled and turned, with a well placed tiny dark eye. Good mouth. On the down side, I would like better ear placement. Structurally, well made, with good length of neck, good bone for size and a well bent stifle. Moved well both coming and going.

BOV/G4

Everett & Chorn & Frangos & Bankus - CH CRESCENT SILMARIL SHADOWFAX.

By Ch Boromir Quicksilver - Ch Silmaril Scarlet Temptress. Substantial Tri Color, shown in beautiful condition. Long strong head filled right down to the muzzle, with a perfect bite. Small ears carried right on top, with a tiny well placed eye. Good length of neck onto a strong topline and short back. Bone right down to his tidy cat feet. On the down side, I'd like a better layback of shoulder, as he is a little out at the elbows. He moved with power and grace. To top it off, he has type! Went on to take a Terrier Group 4.

WHITE BULL TERRIERS (6-14-2-5) Total = 27

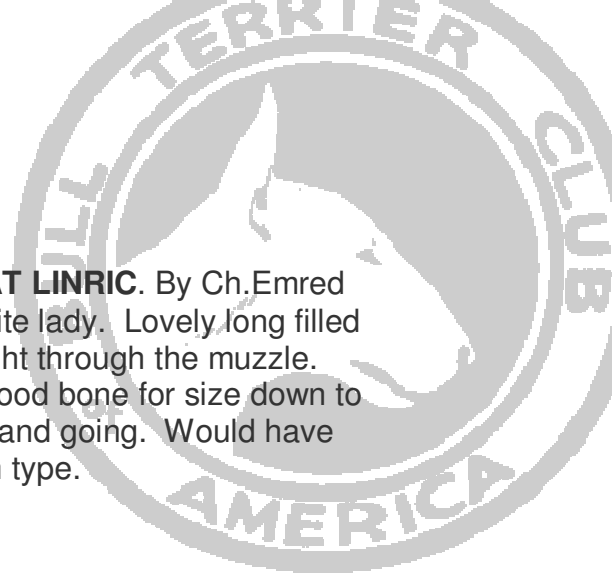

WD/BOS

Brodeur - **PHILGIN GOODFELLA.** By Ch Sarajeni Rockn At Philgin - Philgin Wendigo Auto Focus. All dog, all Bull Terrier! The most you can get in one package! Faults yes, virtue yes. Powerful head right down to the muzzle with a lovely tiny eye. Good profile. On the down side, I'd prefer more length of head. Mouth off. Soft in topline on the move. Rear powerful with a well bent stifle. Bull Terrier type, yes!

RWD

Woodman - **DUTCH DREAMER AT SKYLINE BULL POSITION.** By Super Bowl's Collierboy - Gemballa Dziedzictwo Tudora. Lovely youngster. Head is strong right down through the muzzle with a lovely profile. Clean body lines, good length of neck, onto a short back. On the critical side, would like to see more bone and tidy feet. Overall very nice.

What a challenging white bitch entry!! The Bred by Exhibitor class was truly a pleasure to judge. You should all be proud of your entry, as any one could have carried the day.

WB/BOW

Ledesma & Frascone - **SINABAR MALIBU BREEZE AT LINRIC**. By Ch.Emred Rum Runner - Sinabar Adrenaline Infusion. Classy white lady. Lovely long filled head, with a beautiful tiny well placed eye. Strength right through the muzzle. Perfect bite. Nice forechest both in width and depth. Good bone for size down to tidy cat feet. Well bent stifle. Moved well both coming and going. Would have liked a stronger topline. Over all a top quality bitch with type.

RWB

Wright & Bradbury - **GLENTOM BRADBULL'S PAINT BY NUMBERS**. By Ch Emred Rum Runner - Ch Avalon Glentom Painted Cloud. Not an easy decision, as it could have gone either way. Very similar in body type to WB, different in head style. Lovely filled head with a well placed tiny eye, good fill through the muzzle. Her mouth is off. Under normal circumstances, I'm not a "tooth fairy", but when the competition gets this tough, it has to be taken into consideration. I would have been proud to have bred either bitch.

BOV

Berez -**CH ACTION DREAMS OF THE DIVINE**. By Ch. Old Forge Tug McGraw At Chevalier – Ch. Action Moonbeam Dream. Lovely classy lady. All you can fit in a small package. Good length of head, filled right up, strength right through the muzzle. Tiny well placed eye. Excellent expression. Mouth fault. Square, with a short back and strong topline. Beautifully balanced and loads of "type". Moved well both coming and going.
