This was the first year for BTCTB to support the entries at all-breed shows in advance of the annual AKC National Dog Show. It seems the BT people in attendance thought it was a great long weekend for dog showing! The Orlando Orange County Convention Center is a huge and welcoming venue for dog shows. If you haven't tried it before, give it a whirl, it's a unique experience for those of us who love dog shows!

**COLORED**

**WD, BOW** Holsen & Ketzner **ST GEORGE SHADE OF THE BATTLE AX AT VALKYRIE** (GCh Action Kiss My Grits From Old Forge ex St George And Valkyrie Runnin Down A Dream) Large well-balanced brindle and white dog. Has a first-rate neck, shoulder and topline. Balanced angulation front and rear. Good movement front and rear, carries his topline well. Head has good length and width, a mildly turned profile with adequate fill. At the moment, he has loads of body and it makes his head look a little out of proportion. Would love to see him in another year. Won these spots on his exceptional construction and balance. Close call with WB for BOW, each has virtues that would improve the other. Excellent condition and presentation!

**RWD** Rios & Wright's **SIR RED 1<sup>ST</sup> OF HIS NAME OF HOUSE ARAWAK & GLENTOM** (GCh Yoeckydoe's Kissproof ex Ch Glentom Down The Rabbit Hole With Arawak) Smaller, though substantial young red and white dog. Head has good length, width and a gentle turn. Nice expression, with slight mouth fault. Cobbier style body with excellent bone and substance for his age. Promising, look forward to seeing him in another year.

**WB** Martinez, Giraldo & Pichilli's **ENERGON SILVER GANGSTA MISTY KNIGHT** (Teirwgwyn Paper Gangsta At Bullyview ex Energon Silver Warrior In Space) Dark brindle and white. Very strong profile with good fill. Enough bone, could spring in her ribcage a bit more. Happy outgoing temperament. When she settled she moved OK, but on a few occasions, she carried her right front foot for several steps, I thought out of habit not as a result of lameness. I appreciated her type and really good head quality. Very close for BOW. Well presented.

**BOV** Kibler, Poole & Poole's **GCHG CH ROCKY TOP'S DREAM CHASER** (GChG Ch Hawthorn Dragons Heart ex GCh Ch Rocky Top's Sweetest Dream) Dark brindle and white dog. Typey moderate size, with very good bone and substance for size. Strong head of moderate length with good fill. Mouth correct. Expression OK, ideally, I'd like a keener eye. Good length of neck and fairly short back, with good shape and volume. Moves OK in front, a little too close behind. Beautifully presented, won this spot on his more compact outline, bone, substance and head quality.

**BOS** Kibler, Poole & Poole's **GCHB CH ROCKY TOP'S CHERISH YOUR DREAM** (GChB Ch Hawthorn Dragons Heart ex GCh Ch Rocky Top's Sweetest Dream) Typey dark brindle bitch. Strong head with very good fill (handles better than it appears visually). Good length of neck and fairly short backed and shapely. Bone and substance good. Wish she carried her topline better. Moves OK in front and too close behind. Won this spot on compact type and head quality.

**SD** Middlebrooks, Whitmer & O'Driscoll's **GCHG CH HAWTHORN DRAGONS HEART** (Emred Devils Spy ex GCh Ch Hawthorn Double Bock) Good strong dog. Impressive head piece of moderate length, with very good fill and power. Teeth slightly off. Good neck and shapely.

Very good bone. Movement OK in front, too close behind. Presented well, he pushed for BOV but wasn't as compact as BOV and I thought a couple pounds underweight.

**SB** Cremeans, Leonard, Thomas & Thomas' **GCH GRABO STRIKE A POSE AT IRUKANDJI DCAT** (Rabram Rock Star ex Grabo Bahama Moon) Brindle and white bitch. Very shapely, a little more upstanding. Strong head, nicely turned, medium length. I like a keener expression and she has mouth fault with incorrect canines and is undershot. Enough bone and substance for size, presents very well. A bit shorter in loin would improve. Won this spot on her good head and her shapeliness.

#### **WHITE**

**WB** Greaney's **AUBURN PRINCESS OF SHAMROCK AND CHICANE BY FORMULA** (Emred Devils Advocate ex GCh Ch Action Formula For A Drama Princess) Super typey smaller white bitch. Well-turned and filled head, tiny eye and ears well placed. Mouth is under with ectopic canine and incisor positions. Cobbly body with good bone and substance for size and style. Shoulder is a little upright and upper arm could be longer. Won this spot on her exceptional type and head quality.

**RWB** Rios & Wright's **ARAWAK QUEEN OF THE SEVEN KINGDOMS WITH GLENTOM** (Ch. St George Mr. Magic Man ex Ch Glentom's Figmint Of My Imagination) Upstanding white bitch with a colored ear mark. Head has gentle profile and good length and width. Mouth correct. More fill and keener expression would improve. Bone and substance good for size and style. Moderate angulation front and rear. On the move, her topline should be stronger. Ideally, I would like her more closely coupled.

**BOV** MacDonald & Prater-Piles **CH FORMULA FOR A PRINCESSA FOR STONEBULL** (Emred Devil's Advocate ex GCh Ch Actions Formula For A Drama Princess) White bitch of a more upstanding style. Beautiful head with excellent length, expression, profile and fill. Mouth scissors. Shapely body with good bone for size and style. Shoulder and upper arm a bit more upright than ideal. Good rear angulation. I hope she gets a little more spring of rib. She won this spot on her absolutely great head piece and shapeliness with bone.

**BOS** Holsen's **CH SIMPLE BAMBOO PANDA EGGS** (Ice Court The Witcher ex Cosmopolitan Cosmic Girl) Moderate sized white dog with good bone and substance for style, gender and age. Head is well turned and smoothly filled with a nice eye and expression. Scissors bite. Nice neck and forequarter construction. Short backed and balanced rear angulation. Presented nicely and moved with drive and parallelism both ways. Still shows his youth, I will look forward to seeing him in another year. Won this spot on his head, beautiful balance and type.

**SD** Cremeans & Leonard's **GCHS CH RASELS BULL ACDC BCAT** (Ch Rasels Bull Elvis ex Rasels Bull True) Typey compact style dog. Impresses with his good bone and substance and compact shapely body. Has a good head and expression, mouth correct, could wish for a bit more fill and profile. Balanced moderate angulation, short back, slight dip in his topline. Won this spot for his compact typey body and balance.

**SB** Cremeans, Leonard & Evans' **GCHG CH GALACTIC BITTERSWEET LEGACY AT IRUKANDJI C** (Mighty Crew Irukandji ex Galactic Double Star) Really good typey and powerful white bitch. She has a strong head, nicely turned and well filled with a very good expression. Head is shortish and consequently she is undershot. Excellent bone and substance for size and gender.

Fairly short backed, with balanced angulation on both ends. She too, has a dip in her topline on the move. Presentation was first-rate and she pressed very hard for BOV.
