

Bull Terrier Club of New England

August 17, 2025

Judge: Bob Thomas

I would like to thank the Bull Terrier Club of New England for the warm hospitality shown to Grace and I. Normally I don't like to do the Sunday show of a weekend because you don't get a chance to visit and talk to people. However, in what I considered to be a novel approach, they invited us to their luncheon on Saturday between their two shows. It was a nice touch and made everyone comfortable. They also made dinner reservations for any and all to come at an excellent Italian Restaurant on Saturday night. It was a great way to meet people from an area that we don't get to often and everyone had free and easy conversations "like we did in the old days". Thank you, I greatly enjoyed it.
