Melissa Sayles and Victoria Corse's **REQUIEM STAY KHROME PONYBOY** (By Patterned Head Bull Boot – Khromeheart Corsaire From Provokacija)

Very substantial brindle and white verging on the large side with appropriate bone for his size. Nicely contoured in profile showing forechest, good reach of neck, correct topline and tailset. Rear is nicely conformed with lovely turn of stifle, short hocks. Head is smooth, of good length, and pleasingly curved. Very good bite. Good depth of muzzle, well filled under the eyes. Ears could be a little more vertical and on top of the skull. Front composed of strong pasterns and neat feet but slightly loaded in shoulder.

Krista Prater-Piles' **FORMULA SWEET PRINCE** (By Sarajeni Easy Rider – Actions Formula For A Drama Princess)

Beautifully proportioned white dog with lovely angles at both ends. Strong rear, short hocks, good tailset. Good shoulder, strong neck, but a little light on bone for his size. Lovely head profile with lots of turn, beautiful eyes, well set and slitty making for a very nice expression although his ears could be more erect (he didn't use them well). On the downside he could have more undereye fill and underjaw, and his bite is quite under with canines that are instanding. A fault / virtue dog.

Krista Prater-Piles' **FORMULA'S HEART HAS CHOSEN** (By Grabo Testarossa Formula For Drama – Formulas Comic Connection To Action)

White bitch with very small brindle eye patch. Loved her shapeliness, a big factor in her placements on the day. Very nice angles both front and rear with lovely reach of neck, good rear angulation and short hocks. While feminine, she has lots of strength in body with good width and depth. Could have a tad more bone however to match this. Unbroken profile with fair length of head but didn't use her ears effectively. Expression is pleasing without being varminty with eyes that are both dark and well set. Bite is both slightly under and instanding.

Ann and Brian Radford's **ENERGON HOT HOT HOT FOR MAYHEM** (By CH Kilacabar Cuchulainn – Energon Shining Meteor)

Nicely proportioned tricolor with good angles both front and rear. Moved well. Good topline and tailset. Good bone for her size. Nice tight feet, good forechest with adequate reach of neck (not as much as WB). Nice length of head with good profile. Strong muzzle but could have more underjaw. Correct bite.

Krista Prater-Piles, Cathy and Bill Sodomsky's **GCH MALAJO'S FORMULA FOR A DRAMA DEVIL** (By Action Devils Apprentice By Formula – Actions Formula For A Queen)

Red and white smut. Very well proportioned, excelling in structure with strong bone, and a body of width and depth. Well balanced overall with tight feet, strong pasterns; and strength throughout including the neck. Shoulder well set with nice forechest. On the debit side tailset is a little high. Head of good length and depth with lovely profile. Very nice expression with well set and shaped eyes. Good width and depth of muzzle but could have a tad more under eye fill. Ears neat and erect and only very slightly off vertical. Bite very slightly under, but correct canines. Overall, a typey dog with the necessary balance, bone, shapeliness and density of body and pleasing head features. Not overdone and of good size.

Victoria Sottile and Gregory Armstrong's **CH ALARIC STAR SPANGLED SISTER** (By GCH Malajo's Formula For A Drama Devil – Alaric Wish Upon A Star)

Beautiful terrier type white bitch with lovely proportions. Well balanced, lovely topline and tailset, reachy neck. Bone is adequate for her size. Feet are neat, pasterns strong. Lovely curve to a head of pleasing length with its perfect bite and varminty expression. Ears could be slightly smaller and more vertical in carriage for perfection. Pleasing outline overall however with lovely flowing curves. On the debit side, despite showing some forechest, a slight loading in shoulder reveals some shortness of upper arm. Her rear is (literally) not her strong point, lacking somewhat in angulation and muscular strength. Nevertheless, her combination of head virtues and body outline provided enough quality to justify her award.

Krista Prater-Piles, S and K O'Doherty's **CH FORMULA FOR A DRAMA FREE BROTHER ATD ITD NTD SDIN VN** (By Actions Devils Apprentice By Formula – Actions Formula For A Queen)

White dog with small brindle eye patches. Virtuous in body which is of sturdy build combining excellent width and depth and is especially pleasing viewed front on. A prominent forechest confirms soundness in front construction, when added to his strong bone and cat feet. His balance is slightly compromised as he is lacking a little in rear angulation. While masculine enough, his head shows a very slight flatness in profile and could have more depth of muzzle and more under eye fill to make him more competitive. Likewise, his ears could be higher set as they detract a little from his expression.

Melissa Bowers and Melanie Whitehair's **CH SANDSTONE ONCE UPON A TIME AT STONE HAUS** (By Bullymoon Stands For Liberty With Sandstone – Sandstone's Honky Tonk Angel)

Red and white with a cranked over head verging on the extreme. Her head could have more length, but on the positive side it

shows great depth. Something of a terrier type showing good reach of neck, good bone for her size, together with nice rear angulation. She has balanced but moderate angles at front and rear, and a little too much length in loin detracts from her proportions and overall balance. Her topline is good, and the tail is set on nicely. While she has good width of body and depth of chest, she is slightly loaded in shoulder which suggests some shortness of upper arm.
