

## SAHUARO STATE KENNEL CLUB 2/03/24

Crossing the mountains from California was a wild windy ride and on arrival I found the outside tents had blown down. Amidst the havoc the show was running late , , The exhibitors were a hardy bunch this year and In spite of the challenges arrived in good shape the next day , All were beautifully presented and cheerful , Though the entry was not too large, the exhibits were worthy winners in any venue .This small club works very hard and is challenged by geographic location , The prizes were beautiful ,handmade and wood carved and the food was delicious as always, This is one of my favorite venues as there is a lot of time to hang out with friends and just talk dogs. I also would like to mention for those interested in pursuing some learning, that every year a user friendly judging institute is held with hands on experience of other breeds. There is also an opportunity to participate in the the bullyganza, now in the second year, This year it was judged by Jon Cole and won by Kim Bebb with her lovely white bitch.

## COLORED

WD,BOW ,BOS--Jarroques Sidekick- Hurricane of a dog, fit for this weather ,This well-marked black brindle and white dog was an easy winner in this company. He enters barking and commands the ring He is a medium sized dog , full of breed type with a lovely silhouette. He has a good sweep of neck ,short back ,and lovely topline with proper tailset. His head is full with eyes well placed and dark, perky ears on top of head with correct flatness between them , His head is strong with good fill, gentle profile and even well placed teeth and good strength of muzzle, , From the front he has depth of fore chest and round bone, a bit soft in one fore pastern. He has good layback of shoulder with strong topline and short back and a well let down hock. When he settles to be able to assess his movement , his gait is jaunty and tracks true in front and behind. Very tpy package ,

Hernandezs' and Cox' SOME OKIES SWEET JADE DINOSAUR (the one and only shadow at some okies x some okies wicked witch ). an elegant brindle and white girl with a well-turned head and perfect bite but I would like to see a little more mandibular development, She is dainty in her demeanor and light on her feet with good movement.. She has a short back Moves well up and back ,

## BOV

Antles, Dykema GCH CH SIERRA VIEW BESTUVALL CROSS INTO COOL what is there to say that has not been said about this well known meritorious bitch She is a rich dark brindle and white, exuding breed virtues of a bull type while maintaining soundness all around. Her headpiece is absolutely lovely, a fully packed up egg with a perfect bite ,wicked well placed dark eyes and tiny ears on top of her head to complete the perfect picture, Her thick neck merges well with the shoulder and on into a short back She moves well with lots of drive propelling from behind and true coming towards in the front, She can slacken a tad in the topline behind the shoulder when tired but today she was on her game, An easy one to send to the group to represent our breed .

Select dog

Bergin and Rozema ROZEHAVENBALL LIGHTENING(BUSTA RHYMES LET'S GO PARTY LUXURY AVENUE'S FREYIA OF ROZEHAVEN) handsome brindle and white male, upstanding with good bone and substance, a long gently turned head, mouth just off a couple teeth, good expression, and ear placement. He has a strong neck moving into a solid topline but he is a little longer cast, and for me could use a little more rear angulation, He is masculine and solid in his appearance,

Select bitch –

Frawley, Decker and Baval's Ch Old England's Happily Ever After (GCH Hawthorne Dragons Heart XGCH Old England's NotSOBasic BioTch) - Fancy brindle and white that did push the winner with her virtues of shape and pretty silhouette, In accordance with her type, her head is longer and not as full as my winners but fits perfectly with her more terrier type, She has a correct bite Her eye is placed well but not quite as small, wicked and glinty. Her ears placement is a bit off to the side, Her virtues of lovely shape though and good topline and wonderful side movement made my decision hard and it finally came down to her elbows a bit loose coming toward me on the final up and back. Unlucky to come up against the winner today. She is a beautiful bitch all around.

**AOM- Bebb's ST GEORGE SUNNY SKY SHE'S THE ONE.** a pretty upstanding brindle and white bitch who has virtues of long headpiece, sweepy lines and good bite, Developed more since I last saw her in Colorado and is improving with maturity, although still loose and when not on her toes can weaken behind the collar, still there is a lot to love here and should only get better with age,

Whites

There were no class animals.

Bov, oh oh group 2 and winner of the Bullyganza

McPeters and Bebb's CH Sunny Sky St George Keep Driving (CH Lonestar whole lot of hoopla x St George Sugar Sugar). Sparkling white medium sized girl squarely built with enough bone for her feminine body, She is white with brindle eye patches Her head is gently turned, not excessive, just right, with well placed glinty eyes, perky ears right on top setting off the eyes, feminine from the front with a perfect bite. She stands foresquare looking right at you. From the side, she is short backed and carries her topline well with good tailset, She moves perkily along with a jaunty gait a little close behind though with plenty of drive. Very true coming towards,

BOS

AntleS, Antle, Dykema Gch CH Kingsfarms Dutch Royal (CH Tiergwyn TopGun x Ch Action Hot and Classy) Impossible to tell that this fit dog is a veteran, He is presented in TOP sparkling condition with a thick white coat and he is enjoying the day, right on his tip toes and prancing around the ring, He is a big boy with round bone but still has lots of shape and upsweep. His head is not excessive but long and wide in the muzzle and deep from the side. He has enough fill with eyes high on his head. He has a decently laid back shoulder and smooth topline and his great virtue is his movement on the go around, He can be a slight paddly in the pasterns coming towards but his neat

cat feet and round bone more than make up for this. A strong male worthy of all his wins,

#### SEL

Utt" and Gothans' Ch Bullard Audrys Royal Affair BCAT(Gch Kingsfarm's Dutch Royal x Bullards's Star is the east ) Happy to see this powerful sound brood bitch type of a white girl showing her heart out today . Her head is smoothly turned and she has a perfect mouth with strong underjaw , She has good shoulder placement , correct topline and tailset .Even though she is a powerful girl, she moves very light on her feet with soundness in both directions, She is extremely fit and well-muscled with plenty of substance but yet maintains her femininity.

#### AOM

Hoseman, lethin, DeGidio, Kart's Gch chJocko's Belle Starr at liltch ( Jocko's Kid Bullet- Jocko's Betty Boop, =great example of a lovely terrier style , with a feminine headpiece and good mouth and wicked expression. She is presented sparkling white but out of synch with her handler today who could not get her attention I love her shape and style but today was not to be her day.
